EXCLUSIVITY

ELM Restaurant Group is the exclusive off-site curator and operator for all food and beverage restaurants and catering at the Central Library. ELM Restaurant Group has partnered with Austin Catering for catered events in the Central Library event spaces. No outside food is allowed during any event rentals, including but not limited to outside caterers, boxed lunches, snacks, desserts.

NO ALCOHOL PERMITTED

Under no circumstances may outside alcohol be brought on premises. All alcoholic beverages must be purchased through and served by ELM Restaurant Group as requested by TABC Rules and Regulations as a licensed venue. Donations of alcoholic beverages are not allowed or accepted and cannot be served on Central Library property.

SERVICE TIMEFRAME

Catering services will require access to the assigned location with no less than 1 hour prior to scheduled start time. We reserve the right to require additional set up time if needed based on style of event. This timeframe will be used to set all contracted product and equipment. If less than 1 hour is available to set the function space, additional labor fees may be incurred.

STAFFING

For all catering events, catering requires staff to be on-site for the duration of the event, unless the client prefers to pick-up food from the café. Cookbook Café (from ELM Restaurant Group) offers pick-up catering options for groups of 50 or less. This is a great option for smaller groups as well as groups that do not require a staff or fully catered services for the duration of their event. For these events, client is responsible for all clean-up as Cookbook Café will only provide the food for pick-up.

*Please note that the following is not included in the listed pricing:
staffing, disposable dishware or china rental, linen or other rentals, catering coordination fees and tax.*
